The Ontario Rheumatology Association is proud to announce:

## The William Bensen Models of Care Initiative

### ABOUT THE INITIATIVE:

Bill Bensen was a respected rheumatologist and mentor to many. He advocated strongly for team-based models of care (MOC) and his own team consisted of nurses, allied health professionals, and pharmacists to deliver higher levels of care to his patients. The William Bensen MOC Initiative was established to honour his legacy, and to promote models of care in other settings in Ontario.

Here is your opportunity to follow the exceptional path of Dr. Bill Bensen and his advocacy for team-based models of care in rheumatology.

We are now accepting applications to receive this prestigious grant opportunity.

### GRANT DETAILS:

Grants, up to a maximum of **\$40,000**, for physician-led initiatives in the area of models of care and novel solutions to patient access/care.
